The Batched on Site Association is holding an EGM on the 14th May 2014. The aim of this important meeting is as follows:

- The BSA to update members with the latest industry developments
- BSA Committee to present its lobbying strategy
- General discussion to allow Members to provide information/ suggestions/ assistance

As well as the EGM, various experts will be providing invaluable information to the health & profitability of your business free of charge ... all this plus free food & drinks, the latest range of volumetric mixers and many other associated suppliers and exhibits.

Failure to join us and help the fight now, will affect your business!
